To April Bax,

This letter is to confirm that the Vermont Electricians' Licensing Board has reviewed and APPROVED the classes: NFPA 70® - National Electrical Code (NEC) 2023 – Part I and Part II NEC Changes Course for Vermont State Electrical Continuing Education Credits.

Please ensure that attendees are aware of the Energy Goals Module requirements, and they submit proof of completion with their CEC certificates for renewal.

Also, please note that Vermont has adopted the 2023 National Electrical Code through the 2025 Vermont Electrical Safety Rules.

Sincerely,

Dennis Blair
